

Over 30,000 users trained by experienced SAP® BusinessObjects™ consultants.

*"I appreciate the fact that we were able to easily deviate from the book when possible to cover more interesting & advanced topics. [Instructor] is very knowledgeable and honest about BO XI capabilities. Thanks."*

- **John F, Walt Disney**

*"[Instructor] is very knowledgeable in this subject and is able to communicate information in an easy, understandable manner. I look forward to doing the advanced class..."*

- **Kimberley G, Rogers Wireless**

*"This instructor gets a 10 out of 10. He is brilliant and has the expertise and teaching methodology that makes this type of course fun and educational. Highly recommend for future courses!!! OUTSTANDING!!!!!!!!!!!!!!"*

- **Attendee, Burger King Corporation**

## Course Description

This course is designed to teach Dashboard developers how to create interactive dashboards with SAP Business Objects Dashboards (formerly Crystal Xcelsius Enterprise 2008).

The course provides a comprehensive coverage of techniques using SAP Business Objects Dashboards, allowing users to create engaging and interactive visualizations.

## Audience

This course is targeted for users who need to create interactive, engaging visualizations using SAP Business Objects Dashboards 4.x.

## Objectives

After completing this course, students will be able to create engaging and interactive visualizations using SAP Business Objects Dashboards 4.x. This hands-on course teaches techniques such as data visualization, distributing your visualizations, creating interactive models, connectivity and much more. The course provides extensive hands on workshops in order to reinforce topics taught.

**Duration** - 3 Days

**Version** - 4.x

## Prerequisites

No previous knowledge of SAP Business Objects Dashboards 4.x is required. Prior experience with Microsoft Excel is helpful but not mandatory.

Trainers who are experienced consultants...Bring real-world expertise to your users.
