

# compu**excel** SUPERIOR BI CONSULTING & TRAINING SAP BUSINESSOBJECTS DESIGN STUDIO INTRODUCTION

Over 30,000 users trained by experienced SAP® BusinessObjects™ consultants.

*"I appreciate the fact that we were able to easily deviate from the book when possible to cover more interesting & advanced topics. [Instructor] is very knowledgeable and honest about BO XI capabilities. Thanks."*

- **John F, Walt Disney**

*"[Instructor] is very knowledgeable in this subject and is able to communicate information in an easy, understandable manner. I look forward to doing the advanced class..."*

- **Kimberley G, Rogers Wireless**

*"This instructor gets a 10 out of 10. He is brilliant and has the expertise and teaching methodology that makes this type of course fun and educational. Highly recommend for future courses!!! OUTSTANDING!!!!!!!!!!!!"*

- **Attendee, Burger King Corporation**

## Course Description

This course is designed to teach Dashboard developers how to create interactive dashboards with SAP Business Objects Design Studio, for deployment on desktop clients or mobile devices.

The course provides a comprehensive coverage of techniques using SAP Business Objects Design Studio, allowing users to create engaging and interactive visualizations.

## Audience

This course is targeted for users who need to create interactive, engaging visualizations using SAP Business Objects Design Studio 1.x.

## Objectives

After completing this course, students will be able to create engaging and interactive visualizations using SAP Business Objects Design Studio 1.0. This hands-on course teaches techniques such as creating interactive models, connectivity, scripting and much more. The course provides extensive hands-on workshops in order to reinforce topics taught.

**Duration** - 3 Days

**Version** - 1.x

## Prerequisites

None. However, experience with event driven programming and basic dashboard design would be helpful.
